Warranty Claim Procedure

The answer to ALL the following questions should be 'YES' prior to making a warranty claim:

- Did you register the product via the mail-in warranty card within 30 days of purchase?
- Is the product appropriate to your application?
- Did you carefully and thoroughly read the instructions provided along with the product?
- Do you have the original invoice or sales receipt?
- Is the return date within 12 months from the purchase date?
- Are you the original purchaser?
- Was the product properly installed by a qualified, licensed auto mechanic?
- Has the product been installed on the original vehicle on which it was installed at all times?
- Is the product unmodified and clean?
- Is the reason for return a legitimate product defect?

If the answer to all of the above questions is 'Yes', please contact us to arrange a Returned Goods Number (RGA#). Steinjäger's Limited Warranty requires that any repaired or replaced products be returned to the sender excluding the cost of freight.

Steinjäger will not accept product returns without the RGA number, receipt and the information described above. Steinjäger will refuse COD or collect shipments.

This Limited Warranty is subject to change without prior notice. Steinjäger is not responsible for printing or typographical errors.

Damage During Shipment

Be advised that our prices are all FOB our shipping location. Shipping carriers require that the company initiating the shipment be the actual agent for filing a complaint if the containers are damaged and/or lost in transit. Thus, if you have a damaged container, Steinjäger must file the complaint on your behalf, but in order to do so, and thus in order for you to be reimbursed for the lost or damaged products, you need to provide us with PHOTOS of the damaged boxes immediately when you receive them, and if possible, have the delivery person sign the photo acknowledging the damage. Lastly, keep the damaged container until the claim has been paid.
